BEAUTY TALK

COOL PERSONIFIED: THE *BIG LITTLE* LIES ACTRESS SHARES HER LESS-IS-MORE MAKE-UP CHEATS AND BEST BEAUTY ADVICE

I'M INTO NATURAL SKINCARE... but I'm not crazily strict about it. It's good to know what you're putting on your face when you use it every single day. I love the brands Retrouvé, Simply Divine Botanicals and Isun - I use the Chloroella Algae Mask, £52, when I need a quick skin reboot.

MY GO-TO SPOT TREATMENT... is Mario Badescu Drying Lotion, £16. It's an absolute godsend and works overnight without fail.

THE BEST BEAUTY ADVICE I'VE EVER BEEN GIVEN... was from my mother. She always taught me to put both mental and physical health first and foremost. If you're not taking care of yourself and your body, no amount of make-up can cover that up.

I DON'T TRAVEL ANYWHERE WITHOUT... YSL Beauty Touche Éclat, £25.50. I carry it in my back pocket or handbag at all times; it's so easy to apply when you're on the go. It makes everything look brighter.

I LOVE THE TRANSFORMATIVE POWER OF... a red lip. It can instantly dress everything up and make the simplest of outfits, like a T-shirt and jeans, look sophisticated.

BIG EYEBROWS ARE THE WAY TO GO... if you want to add a little drama to your face without looking like you're wearing too much make-up. I'm hooked on YSL Beauty Couture Brow, £22.50, which is practically foolproof.

WHEN IT COMES TO CHOOSING A FOUNDATION... I want people to see my skin. I mix it up between dewy and matte finishes depending on what I'm doing, but I know it's too thick if my freckles don't show through. I wear YSL Beauty Touche Éclat All-In-One Glow Foundation, £33.50, for lighter coverage and YSL Beauty Encre de Peau All Hours Liquid Foundation, £35, at night - it really does stay put.

I WAS A TOMBOY GROWING UP... but I've always loved make-up. I used to have such a good time listening to music and just playing with products.

I'M A SAGITTARIUS... and find horoscopes fascinating. I don't religiously check my sign, but I've had so many amazing readings that are completely on the money, so for me, there's no denying them.

MY DREAM SUNDAY... would involve sleeping in, brunch, sitting in a park and dancing. I'll order whiskey with ice, or red wine.

I JUST BINGE-WATCHED... *Black Mirror*. As for books, I've recently finished *Bad Feminist* by Roxane Gay. It's such a great read.

MY FANTASY DINNER-PARTY GUESTS... would have to be Bob Marley, Martin Luther King Jr, Barack Obama and Nina Simone.
